***State Allocation Board Funding Approvals Announced:
Wilson Senior High School in Assembly District 45 to Receive Over \$4.3 Million***

SACRAMENTO—Assistant Majority Leader Kevin de León (D-Los Angeles) announced today that Woodrow Wilson Senior High School in his Assembly District was approved by the State Allocation Board (SAB) for \$4,344,615 in Proposition 1D funding for school modernization.

“As a member of the State Allocation Board, it is extremely rewarding when I have the chance to carry out the mandate of California voters in the distribution of new construction and modernization funding for schools throughout the state,” stated Assistant Majority Leader De León. “In approving the Proposition 1D school bond last November, the voters recognized the need to build new schools, aid in class size reduction, and modernize our out-dated school facilities.”

“I’d like to congratulate the students, parents, teachers, and principal of Woodrow Wilson Senior High School,” said Assistant Majority Leader De León. “I hope that this much-needed infusion of funding will go a long way in updating the campus, and providing the high-quality learning environment that our students deserve.”

Yesterday’s SAB funding approval will cover sixty-percent (60%) of this modernization project’s total cost of \$7,241,025. The Los Angeles Unified School District (LAUSD) will be contributing the remaining forty-percent (40%).

The State Allocation Board is responsible for the allocation of proceeds from General Obligation Bond Issues and other designated state funds. The Board is also responsible for the administration of the School Facility Program, Emergency Repair Program, State Relocatable Classroom Program, and the Deferred Maintenance Program.
